Dear Bruce,

Saturday April 13th was an opportunity to honor the memory of a young man, who on April 12th 1980, set out to try the impossible. Terry's historic Marathon of Hope had begun and 39 years and one day later, we had a chance to spend the day with just some of the amazing volunteers who give of their time, energy and passion to ensure that Terry's dream lives on in the communities they call home. Our annual Terry Fox Run Organizers Workshop had 25 of our amazing and wonderful volunteers, representing 16 different Terry Fox Runs, join us in Terry's hometown of Port Coquitlam for a day filled with inspiration, laughter and even some tears.

We were inspired by the amazing work that is happening in cancer research by a very informative presentation by Dr. Cathie Garnis, who is a part of the research team at the Terry Fox Research Institute. We learned how we can use all aspects of social media to share Terry's story and to invite people to fundraise and participate in a Terry Fox Run. We heard how Teams, be they corporate, family or dedication, can increase participation and create a wonderfully fun day for groups to come out to honor Terry. We can think of no better way to have spent a rainy Saturday than by being inspired by a man who, 39 years ago, united us as a country and continues to do so today.

This year our workshop was on the final day of National Volunteer Appreciation Week so it was a privilege to thank our wonderful volunteers and show them the respect and appreciation they deserve for the thousands of hours they spend raising funds for The Terry Fox Foundation and cancer research. Your donation of travel cups for our gift bags was greatly appreciated!

I look forward to an opportunity to continue to work with Blue Moose Promotions in pursuit of Terry's dream...a world free from cancer. We are deeply grateful for your support!

With warmest thanks,

Donna White
